

CONVERSION SHEET FOR SMALL ROLLS

1 Roll = 2'x5' = 10 sq ft

1 Pallet = 60 rolls = 600 sq ft (1 pallet can weigh 1500 lbs to 2500 lbs wet)

1 Load (semi) = Full Semi = 18 pallets = 10,800 sq ft

1 Load (straight) = Full Straight = 6 pallets = 3,600 sq ft

1 acre = 43,560 sq ft = 4 Full Semi Loads

***Yards to Feet – Multiply by 9**

***Feet to Yards – Divide by 9**

*** Square Feet – Take the number of rolls X 10**

***Number of Rolls – Take the number of full pallets X 60**

\$15 per Pallet is refundable when you return the pallet to us in good condition

Invoice

Take SQ FT X Sod Price = Sod Amount

Take Sod, Seed, Fertilizer, Weed Control, Blankets, Staples X .0725 (or 7.25%) = Tax Amount

(delivery and pallets are NOT taxed).

Recommend Sod to be Installed:

-within 12 hours when above 85 degrees

-within 24 hours when 60 to 85 degrees

-within 1 ½ days when below 60 degrees
